

Notes:

1. Flange and shaft dimensions according to:
 - IEC standard,
 - customer request
2. Electrical parameters according to:
 - customer request
3. Optional equipment:
 - gear, encoder, DC brake,
 - DC controller (only with 12V, 24V, 48V versions).

DC motor with permanent magnets	
Type	PRMO 90-90
No.	394
Power [W]	170
Duty	S2 - 5min
Voltage [V]	24
Speed [rpm]	1100
Current [A]	10
IP	44
Weight [kg]	5,5
